## PINOT NOIR

WILLAMETTE VALLEY

*Les Climats*

### THE AVA

Framed by the Coast Range mountains to the west and Cascade Mountains to the east, the Willamette Valley AVA forms a cool-climate growing basin ideally suited for the production of traditional Burgundian varieties. With an array of different soil types and microclimates, the quality and complexity of Willamette Valley wine has garnered a fierce international reputation.

### THE WINE

A rich mix from the influence of multiple soil types of the Willamette Valley. The nose is complex with notes of toasty, jammy red and blue fruit, cherry cola, black tea and develops further into leather, spices, forest floor, cedar, tobacco, juniper and cardamom. On the palate, the wine is very approachable with rich and juicy summer fruit, cherry pie, rhubarb and baking spices. The tannins are round and soft and give a long finish to this opulent wine.

### THE WINERY

At Domaine Divio, Bruno Corneaux applies his traditional Burgundian crafting skills to Pinot Noir and Chardonnay. Achieved through minimal intervention and sustainability in respect of the land, the wines emphasize the elegance and complexity of our Willamette Valley grapes.

### ACCOLADES
