CHARDONNAY
WILLAMETTE VALLEY

THE AVA

Framed by the Coast Range mountains to the west and Cascade Mountains to the east, the Willamette Valley AVA forms a cool-climate growing basin ideally suited for the production of traditional Burgundian varieties. With an array of different soil types and microclimates, the quality and complexity of Willamette Valley wine has garnered a fierce international reputation.

THE WINE

An enticing nose of wet stone with white flowers, lemon rind and a hint of vanilla. The mouthfeel begins with great acidity and opens into flavors of honeyed almond with characteristic mineral character. The finish is vibrant and loaded with a burst of citrus.

THE WINERY

At Domaine Divio, Bruno Corneaux applies his traditional Burgundian crafting skills to Pinot Noir and Chardonnay. Achieved through minimal intervention and sustainability in respect of the land, the wines emphasize the elegance and complexity of our Willamette Valley grapes.
